Xlibris. Paperback. Book Condition: New. Paperback. 344 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. The year is 2014. America is no longer the industrial or the military dynamo that it had previously been. Inside its own borders, minor disputes over national issues are accelerating beyond the comprehension and management of both the American public and among its political leaders. In the fog of distance, a phantom cargo ship drifts hauntingly alone on the Pacific Ocean. Its crew mysteriously murdered by someone. . . or something. . . that's too horrible to explain. . . too eerie to reveal its forbidden truth. Some six thousand miles away, covert activities and treasonous acts against the United States now send rippling consequences that will soon be felt throughout the entire world. America itself will not be left untouched, for it is this country that will now strain and struggle against itself as it attempts to elude the coming Armageddon that will inevitably test its will. . . its spirit. . . and even its founding principles, towards remaining the true leader of the free world. Yet, another era in history is quickly emerging. And with it a new nation's leadership that truly believes that its time has come. Its iron-will belief system is so strong, that its success will ultimately come not from its own military might, but rather from an unraveling of the international stage towards a veiled co-existence. Against this background, a sinister plan for a nuclear holocaust has been conceived. Its chief architect is not a person of self-control, but rather a psychopathic madman intent on becoming the most powerful and feared individual of all time. His weapon of choice is neither guns nor direct threats, but rather the devil's very own deception of coy innocence. Anarchy in America. . . .
