WHAT S WHOLE IN WHOLE LANGUAGE IN THE 21ST CENTURY?

Garn Press, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.What s Whole in Whole Language in the 21st Century? includes a new introduction by Ken Goodman, commentary by Michael Rosen, and excerpts from a series of never published interviews conducted in 1992-1993 by Denny Taylor of renowned reading scholars who knew Ken and Yetta Goodman, and who spoke freely about their lives together as well as their research and teaching. The insights of these scholars, who include Frank Smith and Jeanne Chall, are profound. They shift the political discourse of reading research and teaching young children to read. Although conservative ideology and the thirst for profit were factors at play, the real motive was to ensure that U.S. corporations would remain competitive in the 21st century global market. They would achieve this by turning schools into workforce development systems that...
