Medusa of Time: How Technology Redefines Copenhagen

By T Lee Baumann

Createspace, United States, 2012. Paperback. Book Condition: New. Large Print. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Which reality are we to believe? Our minds and logic tell us that the world in which we live is real. It s concrete. It s particulate. We can see it, touch it, taste it, smell it, and hear it. Science, on the other hand, suggests something else. Our minds may be deceiving us. The world, when we are not observing it, is totally different. We have always believed, when we closed our eyes or slept, that the world maintained its basic shape and substance.that is, things would be essentially the same when we woke up as when we went to sleep. The Copenhagen Interpretation tells us, however, that this simple assumption is not necessarily the case. When the world sleeps, our Universe may transform into a nonmaterial fairyland of ghostly waves and electromagnetic energy. Nothing is real--as we know it--anymore. Yet, when we awake, everything is just as we left it--or is it? Are my car keys really where I left them last night? The Copenhagen Interpretation may explain why we can t locate those...
